

WHAT WE DO :

We offer students with developmental disabilities aged 16-21 years, a curriculum that provides the skills necessary to **succeed** in the business community upon graduation.

Given the right match, training, encouragement and support, studies show that employees with special needs are:

- Highly Valued
- Loyal
- Reliable
- Enthusiastic

WE ARE :

- Reliable
- Capable
- Positive
- Hard Working
- Respectful
- Professional

Proud supporters of our program include:

BE THEIR DIFFERENCE

*"Working with the students gives you an extra pair of hands and the chance to **make a difference.**"*

— Jacques Lapierre
President, BlueStar Canada

*"It helps all of us become more cognizant and **welcoming** of people in our communities with differences."*

— Jennifer Gann
Senior Manager, KPMG

A PLACE TO SHINE :

How the Program Works:

Summit provides their students with the knowledge and skills to be active members of the business community.

The job coach performs a detailed job assessment prior to choosing a 'stage' candidate that best matches your work environment.

Help Our Students Learn:

- Social Interactions within the Workforce
- Time Management Skills
- Responsibility

About Us:

At Summit, we envision a future where each of our students begin their adult journey as engaged members of their community. Our job training program equips them with the confidence and skills they need to lead fulfilling lives, and become contributing members of society.

We are committed to creating conditions that foster positive experiences for students as well as the business community.

WHY PARTICIPATE :

- Make a difference in a person's life.
- Enriched employee experience.
- Offer invaluable support, life skills and future opportunities to our students.
- By promoting diversity, you help support your community in a truly tangible way.

THE BENEFITS ARE EXPONENTIAL :

- Free Service to your organization - our students must complete 900 hours of stage services to receive their certificate. The certificate earned falls under the Ministry of Education Work Oriented Training Path program
- On-Site Support and Supervision - Our team of expert staff ensure that your business is able to stay focused on its own workload. A highly trained Job Integration Specialist accompanies the student on-site, teaches the necessary skills, assures quality control and provides support to the company throughout the duration of the work experience.
- CSST Covered - All of our students are covered by CSST
- and so much more!

STUDIES SHOW :

- Throughout Canada, people with neuro developmental conditions tend to be among the least privileged when it comes to opportunities that can afford them a more fulfilling life.
- The rate of employment among persons with disabilities can only rise when employers open their doors to discover their hidden potentials.
- Given the right match, training, encouragement and support, employees with special needs are highly valued by their employers for their loyalty, reliability and enthusiasm.

PROVEN RESULTS :

- Over 60 companies have provided work-study opportunities to Summit School students since the program began in 1985. We are proud to say that some of our 'stages' have resulted in employment.
