The Summit School Golf Tournament

Summit School's Annual Golf Tournament is fast becoming a go-to Montreal golf event in the fall. Hosted this year at the beautiful Royal Montreal Golf Club, this eighteen-hole, friendly competition attracts over 100 golfers and raises awareness, funds, and friends for Summit School's unique Job Integration Programming.

Summit is one of the largest schools and advocacy organizations for the neurodiverse in Canada, serving over 650 students and young adults. For 60 years our school has been on the forefront

of education for young people with neurodevelopmental conditions. Its low student to staff ratio, interdisciplinary team and innovative programming makes it unique in the educational landscape.

The golf tournament, organized by parents and friends of Summit, has raised hundreds of thousands of dollars over the last ten years. It is an entertaining and inspirational event that puts a spotlight on the abilities of our incredible students and honors the Montreal businesses that employ and train them.

Tee up for change.

Summit School is proven leader in education, research and advocacy.

Our students' resilience and drive to succeed in the working world is a true testament to what they can ultimately achieve."

- Carolyn Johnstone, Summit School Job Coach

The Summit School Annual Golf Tournament celebrates the school's Job Integration Program. For over 30 years this program has worked with Montreal businesses to find job training placements for our developmentally diverse students. Sometimes, these placements lead to employment, but in every case, they lead to personal and professional growth for our students. The program is unique in that each student is supported by a Job Integration Coach who bridges the gap between training and independence. This program is funded primarily through donation, so each and every golfer, sponsor and donor are directly impacting our students' chance at the future they deserve.
